and changes in the economic policies announced since March, 92 which had a direct impact on the capital restructuring proposal. Hence, the whole exercise had to be redone.

(ii) *Sale of* 3 *Bulk Carriers :* A proposal to permit HSL to sell by open tender the 3 bulic carriers ordered by shipping Corporation of India, originated in February, 1991. After detailed inter-ministerial consideration, approval of the Government was conveyed in May, 1992. The response received to the tender issued by HSL were conditional on the grant of loan on soft terms. The implications had to be considered in depth and the financial commitment, particularly in view of the budgetary constraints had to be considered carefully.

(iii) *Revival Package for Indian Shipyards* : On the basis of High Level Committee's report submitted in April, 87 in case of HSL and in March, 88 in the case of Cochin Shipyard Limited, it was decided to formulate a proposal for revial of Indian Shipyards including HSL. Frequent changes in the Government during 1989-91 and the drastic changes brought about in the industrial > and economic policies of the Government had a direct impact on the proposal under consideration, resulted in repeated modifications to the proposal.

(d) A decision on capital restructuring and the sale of 3 bulk carriers at the revised price is expected to be taken within one year. It is not possible to indicate the time by when a decision on the revival package for Indian Yards may be available as the issues involved require substantial financial commitment on the part of the Government.
